

FLORIDA GATEWAY COLLEGE TRAINING FACILITY

SITE DEVELOPMENT ENGINEERING

PROJECT DESCRIPTION

NFPS provided professional engineering services to Florida Gateway College to expand its Olustee Public Safety Training Center in 2017 to include a Fire Fighter Training Center. This training center now includes a three-story fire training structure and numerous fire training props. These include a vehicle simulator and dumpster, grill, flange, and propane tank props.

This project included developing site plans to construct a Fire Training Tower. The work included developing construction plans to add a Fire Tower at the FGC Olustee Training Facility. NFPS worked with FGC's Construction Manager to make plan changes during construction activities.

TOTAL CONTRACT FUNDING
(approximately)

\$605,000

CLIENT REFERENCE

Florida Gateway College
149 SE College Place
Lake City FL 32025
