

SOUTHSIDE RECREATION COMPLEX

RECREATION & SITE DEVELOPMENT ENGINEERING

PROJECT DESCRIPTION

NFPS designed the master plan for the Southside Recreational Complex, which included an original four-field design that was expanded to a multi-purpose complex with soccer, softball, baseball, practice fields, race track, and a playground area. The project included creating a new roadway to connect all the fields as well as extensive wetland mitigation, nine (9) stormwater management facilities, new inlet and stormwater pipes, and regrading of the project site and parking areas.
