

COUNTY ROAD 340 BRIDGE CONSTRUCTION ENGINEERING INSPECTION

PROJECT DESCRIPTION

On behalf of Gilchrist County, NFPS performed the Construction Engineering Inspection (CEI) services for the bridge repair and rehabilitation of the CR 340 over Rock Bluff Bridge located over the Suwannee River and near Rock Bluff Springs in Gilchrist County.

The rehabilitation included the cleaning, lead abatement and painting of the structural steel, miscellaneous structural repairs (steel & concrete), pile jacket replacements, guardrail upgrades, fabric formed rip rap, maintenance of traffic, and environmental protection. Our CEI services encompassed special concerns for lead abatement and environmental issues.
