

ASHLEY STREET

TRANSPORTATION ENGINEERING

PROJECT DESCRIPTION

Ashley Street was a Municipal Small County Outreach Program (SCOP) project in Lake City involving milling and resurfacing a two-lane urban collector road from the end of the pavement to NW Lake Jeffery Road. Other major items of work included the replacement of select areas of sidewalk and concrete ditch pavement and upgrades to ADA ramps and sidewalks. The total project length is approximately 0.784 miles.

TOTAL CONTRACT FUNDING

The total FDOT contract amount for this SCOP funded project including design and construction was approximately:

\$350,000
