

MOUNT CARRIE ROAD

TRANSPORTATION ENGINEERING

PROJECT DESCRIPTION

Mount Carrie Road, within the Osceola National Forest in eastern Columbia County, is a two-lane rural collector road that serves as an important access route for residents and Forest Service activities. NFPS provided design and permitting to convert the existing dirt road to a paved road, and improve shoulders and drainage.

Major items of work included: major clearing and grubbing, major earthwork, drainage structures, base and asphalt construction, and signing and pavement markings.

The NFPS Design Team took great care in acknowledging and following the design criteria provided by the USDA on this to protect our natural resources.

TOTAL CONTRACT FUNDING

The total contract amount for this special project funded by Columbia County including design, construction, and construction engineering inspection was approximately:

\$1,295,000

PERFORMANCE PERIOD

120 Calendar Days

DAYS 1-30

- MOBILIZATION
- MAINTENANCE OF TRAFFIC
- SEDIMENT BARRIER
- CLEARING & GRUBBING

DAYS 31-60

- REGULAR & BORROW EXCAVATION
- STABILIZING ROADWAY & SHOULDER

DAYS 61-100

- TURNOUT CONSTRUCTION
- PIPE & CULVERT INSTALLATION
- ASPHALT PAVING OPERATIONS

DAYS 101-120

- SIGNS & PAVEMENT MARKINGS
- PERFORMANCE TURF & SOD

CLIENT REFERENCE

Columbia County BOCC
135 NE Hernando Avenue
Suite 203
Lake City FL 32056
